Technology is rapidly changing the way energy is generated, delivered, and consumed. That's why Avista is making one of the largest investments in our company's history: the installation of smart meters across our Washington service territory.

It's also why we'd like to invite you and your neighbors to join us for a live Telephone Town Hall Thursday, February 6 at 6 p.m. You'll not only learn from project experts, but also have opportunities to ask questions and provide valuable feedback.

Just by participating, you'll help us all become *smarter together*.
