**CHILDFIND**

The Davenport School District provides many different programs in our district at no cost to you. The schools offer special programs such as speech therapy, physical and occupational therapy, Title I/LAP and special education academic programs and preschool classes.

Each Spring we typically hold developmental screenings and/or comprehensive assessments for children who are suspected of having a disability which could adversely affect their educational development. This is known as Child Find. The Davenport School District wants to let the community know we have **POSTPONED** this year's Child Find due to the COVID-19 outbreak.

We will reschedule Child Find in the Fall. If you have any questions or concerns you can contact Tyson Linstrum at Davenport Middle School, 509-725-0766 or by email [tlinstrum@davenportdsd.org](mailto:tlinstrum@davenportdsd.org).

We appreciate the community's understanding and support during this difficult time.

OUR TOP CROPS: Washington's potato growers have the highest yields per acre in the United States. We produce almost twice as many pounds per acre as our more famous neighboring state to the east. Whitman County produces more wheat than any other county in the United States and ranks number two nationally in barley production. Our apples are sold in all 50 states and in more than 50 countries and Washington is second only to California in the number of agricultural commodities produced- **over 230**. However, it's in the red raspberry market where our state holds the largest market share. Washington leads the nation in production of twelve agricultural commodities.
