Local author Geordi introduces her book **PICNIC TABLE ROOTS**
 A fun story about Jesse, a teenage girl, staying with her grandmother. The wisdom and Christian values Grams teaches are handled tenderly and humorously as she herself relives her memories as a teenager. This story will touch the hearts of all generations. A great gift for moms, grandmas, and girls ages 8-108. Available at Amazon and Barnes & Noble in print or e-book. It's a modern-day Little Women.

Now I know why Lincoln Hospital receives a 5 star rating. I experienced first hand their excellent care during my recent stay in Nov. and Dec. Dr. Panke went above and beyond the call of duty. The nursing staff was superb in their care, as were all the supporting departments. I appreciated everyone. A special thanks for those in the community who prayed for me.

In sincerity,
 Joycelyn Madden

LOCAL CLINICS MOVE VACCINATIONS INTO SECOND PHASE, QUANTITY LIMITED

Governor Jay Inslee and the Washington State Department of Health (DOH) announced Tuesday the move into Phase 1 Tier B1 for COVID-19 vaccinations. The phase includes individuals age 65 and over and those over 50 who live in a multigenerational household. Because of the expansion, Lincoln Hospital and Clinics is now providing COVID-19 vaccinations to this group of people as the vaccine supply is available.

"We would love to vaccinate everyone who wants it, but we have to have the vaccine to do it and we have to follow the state's distribution plan," said Katie Schenk, Clinics Manager for Lincoln Hospital and Clinics. The clinics have been inundated with phone calls from people interested in receiving the vaccine. "We are working diligently to be good stewards of our minimal supply to ensure those in our communities who meet the current criteria and are higher risk have an opportunity to be vaccinated."

Currently, the clinics plan to have 100 doses available to them that will be distributed at a scheduled vaccine clinic today (Thursday) with a booster clinic scheduled in February. It is unknown how many doses will be later allocated by the state, or if vaccines will arrive on a regular basis. More vaccine is being actively sought out by the hospital district and will be immediately distributed to the community based on the appropriate phase distribution criteria.

Vaccines are still available to individuals in Phase 1, Tier A1 and A2 and this group is placed as a priority. These include health care employees, first responders, and staff and residents of long-term care facilities.

The clinics are scheduling vaccinations based on a waiting list of qualified patients and encourage anyone who would like to be on the list to contact them - even if they aren't eligible for vaccination until a later phase. "We'll ask you questions to assess your eligibility and placement on the waiting list and we ask for patience in the process. This helps us determine the need and plan for distribution," Schenk said.

More information about the vaccine rollout can be found at www.doh.wa.gov. Call 509-725-7501 to be placed on the waiting list.

CAMPING FEE INCREASE

AT LAKE ROOSEVELT NATIONAL RECREATION AREA

Beginning at 12:01 am on January 29, 2021 individual campsite fees will increase at Lake Roosevelt National Recreation Area. Annually, campsite fees depend on the time of year you are camping. From May 1 through September 30 campsite fees will increase from \$18 per night to \$23 per night. From October 1 through April 30 campsite fees will increase from \$9 per night to \$11.50 per night. This fee increase will allow the National Park Service to stay in-line with local market pricing for similar campgrounds.

At this time, camping at Lake Roosevelt is limited to Kettle Falls loop 1, Fort Spokane loop 1, and Spring Canyon loop 1. Reservations are now required all year but can be made in advance or from the campground upon arrival with adequate cell phone service. Reservations must be made at recreation.gov or by calling 877-444-6777.

While these areas are accessible for visitors to enjoy, a return to full operations will continue to be phased in in alignment with the most current Washington State phased opening plan. We will continue to monitor all park functions to adhere to CDC guidance for mitigating risks associated with the transmission of COVID-19 and take any additional steps necessary to protect public and staff health. As the park is able to open additional campgrounds, the new campsite prices will apply, and the campsites will be added to the reservation system at recreation.gov.

When recreating, the public should follow state health orders, practice Leave No Trace principles, avoid crowding and avoid high-risk outdoor activities. The CDC has offered guidance to help people recreating in parks and open spaces to prevent the spread of infectious diseases.

Details and updates on park operations will continue to be posted on our website www.nps.gov/laro and social media channels. Updates about NPS operations will be posted on www.nps.gov/coronavirus.

THANK YOU

The Lincoln County Cattlemen's Association, Lincoln County Agriculture Relief Fund and the Lincoln County Ranching community would like to extend a huge THANK YOU to all those who donated their time, money and resources to help during and after the Whitney Road Fire.

There is no possible way we could individually thank everyone without leaving someone out.

The generosity and ready hands to jump in and help was heart warming and part of what makes living in rural America so great! The fire left many in a difficult situation, and every bit of help was appreciated!

THANK YOU!!

THE FAMILY OF BOB LUITEN would like to express profound gratitude to the ambulance crew for their quick, efficient response when he was so sick. The Lincoln Hospital staff was very kind and considerate to all of us and gave him the best care. THANK YOU EVERYONE! We are truly blessed to live in Davenport.

All our caregivers went above and beyond. We wish to thank everyone who helped Daddy stay home. We would also like to thank all the EMTs and medical personnel who have treated him all along. Thank you for letting him do it his way.

Thank you.

Everyone at Avista would like to thank you for your patience and support while our crews restored service following the powerful windstorm that recently hit our community. At the peak of the storm, wind speeds reached 71 miles per hour, matching those of the record storm that caused a major disaster in our region in 2015.

Significant damage from trees falling on power lines and blocking roadways presented challenging conditions for restoration efforts. More than 60 Avista line crews, 44 contract

crews and 19 vegetation-management crews worked to clear debris and restore power to thousands of homes. Joining in these efforts were an additional 21 mutual-aid crews from utilities outside of our area to whom we also owe our gratitude.

Lastly, we do not want to forget to thank the many area residents who warmly opened their homes to family, friends and neighbors during this crisis. Our region's generosity is a blessing that we can all be proud of. **Thank you all.**
