On with the show?

It's been a long time since we gathered to enjoy live theatre together, a long time since we've settled in, studied the playbill, and felt that shared ripple of excitement when the house lights go down and the actors take the stage. Those months of not planning or producing a show gave WTC a chance reflect and consider what the future holds for us.

Here is what we know:

We have a generous community of supporters who consistently step up to help with financing productions. Their dedication to making live theatre happen here in Lincoln County through various funding levels is second to none. We could not have gotten this far without all of them! We also have wonderful audience members who support us by buying tickets, showing up to laugh (or cry) at the right time, giving us feedback, and are excited to hear what we'll be doing next.

Though funding is rarely a problem, finding enough actors and committed backstage help is consistently challenging. We have a fantastic core of hard working volunteers but there just aren't enough of us. So, while we hope to continue with scaled-back, small cast productions, we will likely not do any of the big musicals that we've done in the past. We are interested in doing engaging material that suits smaller theatre groups and have not ruled out producing a show in summer of 2022. But nothing is certain and, for now, the future of WTC is up in the air as we consider how to engage more people who love live theater and can commit to the time, effort, and fun of making a show come alive.

We appreciate everyone who has participated/supported WTC as a volunteer, actor, donor or audience member over the past 13 years, and we appreciate your continued interest in what's up next. We are still committed to promoting live theater in our rural area, we just aren't certain how that will look going forward. In the meantime we encourage you, if you feel safe doing so, to attend one of the many live theatre productions offered in Spokane. We especially encourage you to take the kids - sons, daughters, nieces, nephews and grandkids. Their exposure to live theater is the future of live theater! *Have a question or comment? Contact us on FB at Wheatland Theater Co.*

- ✓ People 50 to 64 with certain underlying medical conditions *should* receive a booster 6 months after Pfizer primary series

USDA OFFERS FARM LOANS FOR UNDERSERVED AND BEGINNING FARMERS
The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) reminds producers that FSA offers farm ownership and farm operating loans to underserved applicants as well as beginning farmers and ranchers. Underserved or beginning farmers and ranchers who

cannot obtain commercial credit from a bank can apply for FSA direct or guaranteed loans. "Farming and ranching is a capital-intensive business and FSA is committed to helping producers start and maintain their agricultural operations," said Mike Mandere, FSA Acting State Executive Director in Washington State. "FSA loans are designed to make sure that everyone has access to credit including underserved and beginning farmers and ranchers. Last year, FSA in Washington obligated \$35.7 million in loans to underserved borrowers and beginning farmers and ranchers."

USDA defines underserved applicants as a group whose members have been subjected to racial, ethnic or gender prejudice because of their identity as members of the group without regard to their individual qualities. For farm loan program purposes, underserved groups are American Indians or Alaskan Natives, Asians, Blacks or African Americans, Native Hawaiians or other Pacific Islanders, Hispanics, and women.

In order to qualify as a beginning farmer, the individual or entity must meet the eligibility requirements outlined for direct or guaranteed loans. Additionally, individuals and all entity members must have operated a farm for less than 10 years. Applicants must materially or substantially participate in the operation. For farm ownership purposes, the applicant must not own a farm greater than 30 percent of the average size farm in the county at the time of application. All direct farm ownership applicants must have participated in the business operations of a farm for at least three years out of the last 10 years prior to the date the application is submitted to FSA. Substitutions for as much as the full three years of experience may be made based on education, business management experience, military experience, participation with a qualified mentor, and farm management experience as a hired laborer. Your local FSA office will be able to provide more details on acceptable substitutions.

If the applicant is an entity, all members must be related by blood or marriage and all entity members must be eligible beginning farmers. At least one of the members must have three years or more experience in the business operations of a farm prior to the date the application is submitted.

Direct loans are made to applicants by FSA. Guaranteed loans are made by lending institutions who arrange for FSA to guarantee the loan. FSA can guarantee up to 95 percent of the loss of principal and interest on a loan. The FSA guarantee allows lenders to make agricultural credit available to producers who do not meet the lender's normal underwriting criteria.

The direct and guaranteed loan program offers two types of loans: farm ownership loans and farm operating loans.

Farm ownership loan funds may be used to purchase or enlarge a farm or ranch; purchase easements or rights of way needed in the farm's operation; build or improve buildings such as a dwelling or barn; promote soil and water conservation and development; and pay closing costs.

Farm operating loan funds may be used to purchase livestock, poultry, farm equipment, fertilizer, and other materials necessary to operate a farm. Operating loan funds can also be used for family living expenses; refinancing debts under certain conditions; paying salaries for hired farm laborers; installing or improving water systems for home, livestock or irrigation use; and other similar improvements.

Repayment terms for direct operating loans are scheduled from one to seven years. Financing for direct farm ownership loans cannot exceed 40 years. Interest rates for direct loans are set periodically according to the government's cost of borrowing. Guaranteed loan terms and interest rates are set by the lender.

For more information on FSA's farm loan programs and underserved and beginning farmer guidelines, please contact your local FSA office or visit farmers.gov. USDA is an equal opportunity provider, employer, and lender.

ELECT

DON STALEY

FOR FIRE COMMISSIONER

District Five

WHY VOTE FOR DON?

My Lincoln County roots run deep. My grandfather pioneered into the region in 1897 and settled in the Indian Creek area. I have been a lifelong resident of Eastern Washington. I have been in Lincoln County for over 17 years and have been active in the Fire Prevention community for over 12 years, including leadership roles for over 5. My wife, Lisa, works for the VA and shares my commitment to fire prevention as a member of the local Fire Auxiliary. We choose to want to help our community.

Paid for by Don Staley.

Providing Quality Reliable Experienced Service!

On November 2nd, you will be asked to vote on a levy to assist Stevens County Fire District #2 (SCFD #2/Hunters) with rising costs/lower revenues

HOW WILL THE MONEY BE USED: Funding will be used to equip new fire fighters with protective gear, replace old equipment, and help with increasing costs. Currently, just to insure the District's trucks, equipment, and buildings, takes 25% of our annual budget.

WHEN DID SCFD #2 LAST ASK FOR A FIRE LEVY INCREASE: We have never asked for a levy increase since forming in 1958.

HOW HAVE WE PREVIOUSLY UPGRADED THE FIRE EQUIPMENT: We have used a combination of grants, surplus federal/state (top picture) equipment, and grant loan combinations (bottom picture). Many of these are no longer available, making improvements difficult.

HOW MUCH WILL THE LEVY COST YOU: If passed, the levy will become part of your annual property tax bill. For a home assessed at \$100,000, the fire levy will cost an additional \$39/year.

HOW MANY CALLS DOES SCFD #2 RESPOND TO EACH YEAR: We respond to an average of 60 calls a year. Calls for service include structure fires, wildland fires, auto/farm extrications, and Life Flight assists.
