ELECT

DON STALEY

FOR FIRE COMMISSIONER
District Five

As your District 5 Fire commissioner, my priorities are many. I have been active in the Fire Prevention community here for over 12 years and in a leadership role for over 5. I've been on the front lines many times and saw the need to focus on the teams on the ground. These hard-working volunteers consistently remind me of the need for additional training, improved processes, and a renewed commitment to safety. I bring a unique skillset in construction methodology that aids in prevention and safety practices. As a businessman I am keenly aware of the importance of disciplined fiscal responsibility, managing resources effectively, and looking for additional funding sources such as grants. As your District 5 Commissioner I look forward to working with all in Lincoln County.

FULL TIME HVAC Project Manager

Earn 60K – 80K or more, plus benefits! Working Locally!
 Now taking applications for a self-motivated individual who wants to be part of a winning team! Kysar Mechanical Inc. is looking for a motivated individual for our residential Project Manager. Please email a resume and cover letter to this advertisement to admin@kysarmechnical.com

What we offer: Health, dental & eye for employees, Vacation, Holiday Pay (7 paid), Incentive performance plan, Matching 3% 401K

Position Overview: Full time position Monday through Friday with emergency after hours installs, 99% working local, Project Manager of heating cooling systems in residential work environment, Clean work environment

Job Overview: A Project manager's main objective is to manage and deliver the experience our client purchased from to be completed as per blueprint promised in the strategy room.

Good project managers are people with an excellent entrepreneurial mindset. This allows them to think about a project beyond the basic skill set needed to manage it., it is the project manager's job to direct teams and team members to the finish line. At the end of the day, the project's success or failure rests solely on the project manager's shoulders, and he or she is the one responsible for the end result.

Project managers keep knowledge and information flowing seamlessly. They need both technical know-how and first-hand knowledge of the tasks they assign to others to keep the project moving forward. But technical know-how does more than enable project managers to communicate ideas effectively to all those involved. Good project managers use their technical understanding to win team members' respect. Since project managers influence more decisions than anyone else in the company, their primary task is to use what they know to not just win employees' respect but keep it throughout the project and into the future.

Davenport

Thank you

To the residents of the Seven Bays, Deer Meadows, and surrounding areas - thank you for making our annual "Community BBQ" a big success. Your donations this year will continue to provide additional personal and safety support for your fire fighters and add more AED's to our community.
As our community continues to grow we need more fire fighters. If you have an interest in helping your community, please reach out to a fire fighter you know.

PUBLIC NOTICE: The Lincoln County Noxious Weed Control Board will be performing routine surveys for noxious weed infestations in accordance with the Washington State Noxious Weed Law—RCW 17.10 throughout Lincoln County.

Field staff will not drive off of any access roads that lead onto or through landowner properties, access onto properties will be performed with the utmost respect and they will not damage any property while gaining access. If they can't adequately survey the entire property from the vehicle they will travel on foot to those areas. You only need to respond to this public notice if you have questions or concerns. 509-725-3646.
