 Competitive Benefits Offered!

Are you interested in joining a team of healthcare professionals striving to provide the best place for care each and every day? Consider joining the LHD Team! We offer great benefits and competitive wages. The NAC supports the patient care cycle by providing compassionate patient centered quality care to Lincoln Hospital District #3 patients and family members. The NAC performs a variety of patient care tasks under the direction of the DNS. These tasks include but are not limited to: vital signs, feeding, and bathing, assisting with bathroom needs, ambulation, and documentation. Concurrently this position works as an advocate for quality and patient safety by thoroughly documenting the patient visit in a manner consistent with current standards of care. The NAC is expected to keep abreast of new developments in their field; while working towards attaining the goal of meeting the patient's physical, emotional, and spiritual needs in a dignified manner consistent with the Mission and Vision of Lincoln Hospital Dist. #3. Must have valid WA State NAC license.

Coming soon to Davenport for Small Business Saturday: **Small Business BINGO!** Watch for your bingo card in the 11-27 edition of the Lincoln Advertiser

**10 REASONS TO SHOP LOCAL**

1. Significantly more money stays in Davenport when purchases are made at locally owned, rather than nationally owned, businesses. More money stays in the community because locally owned businesses purchase from other local businesses, service providers, and farms.
2. Local businesses provide jobs for residents and are one of the largest employers nationwide.
3. Our one-of-a-kind businesses are an integral part of our distinctive character.
4. Local business owners invest in community. Local businesses are owned by people who live locally and are more invested in the community's future.
5. Customer service is more personal. Local businesses are closer to the customer and tend to form personal and lasting bonds with their customer base.
6. Competition and diversity lead to more choices. A multitude of small businesses, each selecting products based on the needs of their local customers and not on a national sales plan, guarantees a much broader range of product choices.
7. Local business has a lighter environmental impact. Shopping at locally owned businesses is more energy efficient, requiring shorter travel distances. Local businesses also make more local purchases, thus reducing the carbon footprint of goods sold.
8. Public benefits far outweigh public costs. Local businesses require comparatively little infrastructure investment and make more efficient use of public services than most "big box" stores or national chains.
9. Local businesses encourage investment in the community. A growing body of economic research shows that entrepreneurs and skilled workers are more likely to settle in communities that preserve their one-of-a-kind businesses and distinctive character.
10. Local businesses on average support non-profits at a higher rate than big businesses. They are more likely to give back to the community and encourage entrepreneurial growth.
