### ANOTHER UPDATE FROM THE DAVENPORT SCHOOL DISTRICT:

• Thank you! We know that the school closure order by Governor Inslee has been very challenging for students and families. Thanks for being patient with the school district as we are working to connect with students, parents and the community in new ways!

• Schools in our state are still closed through at least April 24. There is a possibility that we will be able to get schools back open on April 27 but there is also a possibility that we will be closed longer. We promise to let everyone know if there is any new information regarding the rest of the school year.

• Even though our school buildings are closed, education must continue! Coursework will be expected from students. Teachers are working on-line and via phone calls and/or letters and packets mailed or sent home to communicate academic expectations. Students and parents, please check the main page of our website ([www.davenportsd.org](http://www.davenportsd.org)) for more information! Please take time to read the most recent letter from the school administration.

• All indoor facilities are closed including the weight room and gyms. The big toy play structure is also closed.

• To-go meals are still available to children and youth ages 0-18. In-town meals may be picked up Monday through Friday from 9AM to 11AM in front of the middle school. Out-of-town kids can get the to-go meals from our buses that are going out each morning to deliver. **Please note: New rules have been released and parents may pick up meals for their children.**

• Students in the Class of 2020...please know that we are here to help you! As Mr. Prewitt stated in his recent letter that is posted on our website, you remain our top priority and we hope to celebrate graduation together in June! Please work with you teachers to get your work completed and let us know if you have any questions or need extra assistance.

Jim Kowalkowski, Superintendent  
Chad Prewitt, Middle School & High School Principal  
Courtney Stroyk, Elementary Principal

While Lincoln Hospital and Clinics have not had any confirmed COVID-19 cases in their facilities, they have been working tirelessly over the past few weeks to protect patients and employees from COVID-19 and prevent a community outbreak of the disease. In the event that an outbreak should occur in Lincoln County, Lincoln Hospital would be the frontlines of medical care for our communities.

"Like many hospitals and healthcare providers are doing right now, we had to consider how to best protect our community and staff immediately and what needs to be put into place should an outbreak occur in Lincoln County," said Jennifer Larmer, Chief Clinical Officer at Lincoln Hospital and Clinics. "We've been working closely with the Lincoln County Health Department and the Washington State Hospital Association, as well as utilizing CDC and Washington State Department of Health resources to determine the best course of actions to take."

While precautions can change daily as more is learned about the virus, Lincoln Hospital is currently taking the following actions to protect patients and employees, and to preserve limited personal protective equipment (masks, gowns, gloves, and goggles):

- The Wilbur Clinic location is closed to the public until April 6th. At that time, supplies and resources will be reassessed and it will be determined if an extended closure is needed. Any patients with scheduled appointments until April 6th have been notified by phone to either re-schedule or attend their appointment at our Davenport Clinic location. Virtual visit options for appointments are being utilized in a limited capacity for appropriate visits. The phone line for the Wilbur Clinic will remain staffed.
  - Lincoln Hospital and Clinics are striving to prevent an outbreak in our community by isolating patients with respiratory illnesses who need appointments in the clinics. All patients who have appointments to address respiratory symptoms will be scheduled at a respiratory screening clinic located in an isolation area at the Davenport Clinic. Patients will be asked to park at the back of the Davenport Clinic and enter through the back door where they will be seen in a separate, quarantined part of the building. This is in an effort to address concerns and prevent spread of COVID-19 while also continuing to provide care for patients with other health needs. Lincoln Hospital and Clinics do not want to contribute to a different kind of health crisis by not caring for patients with chronic illnesses or other health issues during this time.
  - The Davenport and Reardan clinic locations will remain open for routine visits and chronic disease care. Please call to make an appointment, if you have the need, and notify the scheduler if you have any symptoms of COVID-19. Same-day appointments are still available, however, they can no longer accommodate walk-ins. Please call the Reardan or Davenport clinic to schedule a same-day appointment if you have the need to be seen that day.
  - All patients will be screened upon arrival at the health campus in Davenport. Whether you are accessing the hospital or the Davenport Clinic for your regularly scheduled appointment, you will be screened by a health professional at an outside screening checkpoint and directed on where to enter the facilities:
    - Lincoln Hospital Emergency Room and Ambulance will enter through the main entrance at the front of the hospital.
    - Lincoln Hospital outpatient care (Lab, Imaging, Outpatient Nursing Services) will enter through the southwest entrance (usually reserved for the ambulance).
    - Davenport Clinic patients with appointments who do not have respiratory symptoms will enter through the Davenport Clinic's main entrance.
    - Patients from the Reardan or Davenport clinics who have respiratory symptoms and have an appointment at our screening clinic will enter through the back door of the Davenport Clinic.
    - Physical therapy patients at Peak Fitness Physical Therapy location are being screened for COVID-19 symptoms upon check-in and may be asked to wear a mask and/or reschedule their appointment.
  - The Lincoln Hospital Surgical Clinic, Pain Clinic and Orthopedic Clinic will be performing essential procedures, surgeries and clinic visits only. Elective surgeries are postponed. Procedures and surgeries that can be rescheduled for a later time will be notified. They are still accepting and processing referrals and staff is still on site to answer your care questions over the phone.
  - Visitor restrictions are currently in place at Lincoln Hospital. No visitors are allowed to enter the facility with the exception of one parent to accompany a pediatric patient and one visitor for a patient experiencing end-of-life care.
- There has been one confirmed COVID-19 case in Lincoln County. That person was tested in Spokane, recovered from the disease at home, and is no longer in quarantine. More information about Lincoln Hospital and Clinics response to COVID-19 can be found on their website at [www.lincolnhospital.org](http://www.lincolnhospital.org). (information as of 4:00 pm 3-27-2020)

**PUBLIC HEALTH ENCOURAGES RESIDENTS TO STAY HOME, STAY HEALTHY**

In light of the order made by Governor Jay Inslee this week, the Lincoln County Health Department is reminding Lincoln County residents to stay home except for essential travel.

"We are rural and that certainly helps us with social distancing, but we are not immune to COVID-19 because of it," said Ed Dzedzy, public health administrator for the Lincoln County Health Department. "We ask all residents of Lincoln County to abide by the order so we can prevent an outbreak in Lincoln County." Currently, Lincoln County has one confirmed case of COVID-19. The case was confirmed in Spokane in early March and was not a concern for further exposure in Lincoln County.

The recent order from Governor Inslee says that all Washington residents must stay at home, except for emergency travel or essential needs. This also means not having friends or family over for dinner parties or get-togethers. Essential needs may include travel to grocery stores and food banks, pharmacies, gas stations, urgent or emer-

gency medical care, caring for an elderly or sick family member, and travel to work for essential staff as defined by state or local authorities.

"We can do this," Dzedzy said. "If we do it for a short period now, we can avoid potential extended exposure and having to do this for a longer period later."

Lincoln County Sheriff, Wade Magers, stated that they will not be arresting, detaining, ticketing or establishing check points for compliance. "Rumors of strict enforcement or Martial Law are simply not true," he said. "Lincoln County Sheriff's Office will be educating rather than enforcing the order."

Social distancing and preventive measures remains important while accessing essential needs. Staying six-feet apart from one another, washing your hands and using hand sanitizer, and not touching your face remain crucial to preventing the spread of the coronavirus.

Dzedzy also reminded Lincoln County residents that there is no need to run to the grocery store to overstock on groceries. "Make sure you have what you need and leave the rest for others in need."

More information about the local response to COVID-19 can be found on the Lincoln County Health Department's website at [www.co.lincoln.wa.us/public-health/COVID](http://www.co.lincoln.wa.us/public-health/COVID).
