The Creston School will be offering a **CHILD FIND PROGRAM** on April 28th for the 2022-23 school year. We will provide developmental screening for children between the ages of birth to 5 years in the areas of speech, cognitive skills, motor development, and vision/hearing. The screening is highly recommended for 3, 4, and 5-year-old children. Screening is a free service and will take about an hour. We will also discuss with you your child's development: favorite toys, things they enjoy most at home, and when your child achieved certain developmental goals like walking and talking. To sign up for Child Find please call the Creston Office at 509-636-2721 or email lbrashears@wcsd.wednet.edu.

CHILD FIND! The Davenport School District provides many different programs at no cost to you. The schools offer special programs such as speech therapy, physical and occupational therapy, Title I/LAP and special education academic programs and preschool classes for students 3-21 years of age. Each Spring we hold developmental screenings and/or comprehensive assessments for children who are suspected of having a disability which could adversely affect their educational development. These services are available for persons between ages 3-21, with suspected disabilities. This is known as Child Find. The Davenport School District wants to let the community know we will host Child Find **April 28th from 12:30-3 in the Davenport Middle School.** Please contact The Davenport Elementary School, 509-725-1261 to set up an appointment. If you have any questions or concerns you can contact Tyson Linstrum at Davenport High School, 509-725-4021 or by email tlinstrum@davenportsd.org

Harrington School District Child Find Screening
Are you worried about your child's development?

- Does your child have a medical disorder or birth defect that interferes with their development?
- Does the child seem to have hearing or vision issues?
- Does your child have difficulty communicating with people outside the family?
- Does your child have difficulty keeping up with other children their age?
- Does your child have issues learning when they are experiencing social-emotional difficulties?

Any child, birth to five, whose family or caregivers would like more information about their child's development can contact their local district to receive a free Child Find Screening.

What happens during a Child Find Screening?
 The purpose of a Child Find Screening is to identify issues that may affect your child's learning, growth, and development and to help parents identify their child's strengths and weaknesses. During the screening, your child may stack small blocks, cut with scissors, draw, count, name colors, jump, and have fun! After the screening, someone will talk to you about the results and you may be given suggestions, a referral for more testing, or scheduled to have skills rechecked later. You will have the chance to ask any questions about your child's development. The whole process takes about 45 minutes!

Where can I go for screening?
 All school districts in Washington State have Child Find Screenings available. **We are scheduling Child Find appointments for Friday May 13th between 9am and 12pm.** Please contact the school and we will schedule a time for you to come in for screenings (masks and social distancing required). For more information and to schedule a screening, please contact Will Christianson:

Harrington School District
 100 S. First Street Harrington, WA
 509-253-4331
 wchristianson@harringtonsd.org

If your family is living in a temporary situation, you may contact the district where you are currently staying for a screening.

WAC 392-172A-02040 - School districts shall conduct child find activities calculated to reach all students with a suspected disability for the purpose of locating, evaluating and identifying students who are in need of special education and related services, regardless of the severity of their disability.
