Harrington School District Child Find Screening

Are you worried about your child's development?

- Does your child have a medical disorder or birth defect that interferes with their development?
- Does the child seem to have hearing or vision issues?
- Does your child have difficulty communicating with people outside the family?
- Does your child have difficulty keeping up with other children their age?
- Does your child have issues learning when they are experiencing social-emotional difficulties?

Any child, birth to five, whose family or caregivers would like more information about their child's development can contact their local district to receive a free Child Find Screening.

What happens during a Child Find Screening?

The purpose of a Child Find Screening is to identify issues that may affect your child's learning, growth, and development and to help parents identify their child's strengths and weaknesses.

During the screening, your child may stack small blocks, cut with scissors, draw, count, name colors, jump, and have fun! After the screening, someone will talk to you about the results and you may be given suggestions, a referral for more testing, or scheduled to have skills rechecked later. You will have the chance to ask any questions about your child's development. The whole process takes about 45 minutes!

Where can I go for screening?

All school districts in Washington State have Child Find Screenings available. **We are scheduling Child Find appointments for Friday May 7th between 9am and 12pm.** Please contact the school and we will schedule a time for you to come in for screenings (masks and social distancing required). For more information and to schedule a screening, please contact Will Christianson:

Harrington School District
 100 S. First Street Harrington, WA
 509-253-4331
 wchristianson@harringtonsd.org

If your family is living in a temporary situation, you may contact the district where you are currently staying for a screening.

WAC 392-172A-02040 - School districts shall conduct child find activities calculated to reach all students with a suspected disability for the purpose of locating, evaluating and identifying students who are in need of special education and related services, regardless of the severity of their disability.

LINCOLN HOSPITAL 3RD STREET ENTRANCE TO CLOSE FOR CONSTRUCTION

Starting Monday, May 3, 2021, the entrance and exit to the parking lot for Lincoln Hospital and the Davenport Clinic will be on Nicholls Street. At that time, the 3rd Street exit will be completely closed. The change is due to construction on the parking lot and is happening as part of the new Davenport Clinic building construction. Work on the parking lot could last until mid-May with varying detours needed as construction continues. The new clinic is set to open sometime this summer.

In addition, the screening shed on Nicholls Street - where patients and visitors have been required to stop for temperature checks prior to entering the medical campus, will be permanently closed and temperatures will be taken upon entry to the hospital and clinic as a precaution for COVID-19.
