HISTORY REPEATS ITSELF
Remember NoaNet bringing fiber to Lincoln County in 2011? Their grant money came from federal recovery funds resulting from the recession. Their goal was to bring high speed internet to anchor institutions - medical centers, schools & libraries. A decade later, our grants are the result of COVID recovery funds, and our goal is to extend NoaNet's fiber to reach homes and businesses.

It's a New Day

For Healthcare in Lincoln County!

Since coming aboard as the new CEO, I've been impressed by the warm reception I have received. It's great to know our entire staff has a passion for delivering exceptional healthcare with the strong support from our Board of Commissioners and community members.

More Services, Technology and Access!

Even having more than 20 years of experience in this industry did not prepare me for the wonderful surprise of discovering more advanced technology and specialized healthcare services than I could ever have imagined, such as our partnership programs or ever-growing network of clinics. I'm also excited about the upcoming projects Odessa Memorial Healthcare is working towards, including the ongoing acquisition of new equipment and the progress of building renovations and department expansions.

We're also fortunate to have an exceptional team of skilled physicians, nurses and healthcare professionals, all equipped with the expertise you might think was only available in a big city, and dedicated to providing the personal touch level of care you can count on from your hometown hospital.

A founding member of the Grand Columbia Healthcare Alliance serving residents and families of Adams, Grant and Lincoln counties, I'm proud to know that Odessa Memorial Healthcare Center offers our communities a great choice for healthcare! It is our ongoing goal to consistently provide more than you may expect - **all right here, close to home!**
