RESULTS from the Lincoln County Republican Central Committee
 The Lincoln County Republican Central Committee's raffle winner this year is **Dave Hearrean, from Wilbur!** He won a \$400 gift certificate from Davenport Sporting Goods. Congratulations Dave, and thank you to all who supported this effort!

Many visitors to the Lincoln County Fair in August came by the Republican booth where they could vote on what **current issues were of most concern to them**. The top vote getters were: **WA State Governor and Most of the Legislature** followed by **Censorship by the Government, Big Tech and Media**, a tie between **Election Fraud** and **Critical Race Theory/Sex Ed in School**, and another tie between **New Laws That Impede Law Enforcement**, and **the President and Most of Congress**.
The top fixes to the problems were identified to be **Vote in Person with ID**, and the biggest vote getter of all – **Support Law Enforcement and Enforce the Law**.
 Thank you to all who stopped to vote and support our work. There are many efforts, large and small, local and across the country to get the truth out. It's up to us to stand up and stand strong!

Please email a resume and cover letter to this advertisement to admin@kysarmechnical.com

Position Overview: Full time position Monday through Friday with emergency after hours installs, 99% working local, Project Manager of heating cooling systems in residential work environment, Clean work environment

Job Overview: A Project manager's main objective is to manage and deliver the experience our client purchased from to be completed as per blueprint promised in the strategy room.

Good project managers are people with an excellent entrepreneurial mindset. This allows them to think about a project beyond the basic skill set needed to manage it., it is the project manager's job to direct teams and team members to the finish line. At the end of the day, the project's success or failure rests solely on the project manager's shoulders, and he or she is the one responsible for the end result.

Project managers keep knowledge and information flowing seamlessly. They need both technical know-how and first-hand knowledge of the tasks they assign to others to keep the project moving forward. But technical know-how does more than enable project managers to communicate ideas effectively to all those involved. Good project managers use their technical understanding to win team members' respect. Since project managers influence

more decisions than anyone else in the company, their primary task is to use what they know to not just win employees' respect but keep it throughout the project and into the future.

- ✓ Provides protection for those in your family and community that are immunocompromised or unvaccinated.
- ✓ If you are exposed to COVID-19 and are not symptomatic, you do not need to quarantine and miss school, work, and other aspects of life.

"When the vaccine was created, I knew it was my ticket to adventure and freedom again."

Once we're all vaccinated, the show must go on.

Hannah was touring as a national clogging champion, and she's looking forward to performing in front of audiences again. "I feel strong, healthy and hopeful about the future. I encourage anyone and everyone to get their vaccine."
