**FULL TIME HVAC Project Manager**

**Earn 60K – 80K or more, plus benefits! Working Locally!**  
Now taking applications for a self-motivated individual who wants to be part of a winning team! Kysar Mechanical Inc. is looking for a motivated individual for our residential Project Manager.

Please email a resume and cover letter to this advertisement to admin@kysarmechnical.com

**What we offer:** Health, dental & eye for employees, Vacation, Holiday Pay (7 paid), Incentive performance plan, Matching 3% 401K

**Position Overview:** Full time position Monday through Friday with emergency after hours installs, 99% working local, Project Manager of heating cooling systems in residential work environment, Clean work environment

**Job Overview:** A Project manager's main objective is to manage and deliver the experience our client purchased from to be completed as per blueprint promised in the strategy room.

Good project managers are people with an excellent entrepreneurial mindset. This allows them to think about a project beyond the basic skill set needed to manage it., it is the project manager's job to direct teams and team members to the finish line. At the end of the day, the project's success or failure rests solely on the project manager's shoulders, and he or she is the one responsible for the end result.

Project managers keep knowledge and information flowing seamlessly. They need both technical know-how and first-hand knowledge of the tasks they assign to others to keep the project moving forward. But technical know-how does more than enable project managers to communicate ideas effectively to all those involved. Good project managers use their technical understanding to win team members' respect. Since project managers influence more decisions than anyone else in the company, their primary task is to use what they know to not just win employees' respect but keep it throughout the project and into the future.

**NEW OPPORTUNITIES FOR CARE AND SHARE**

As we have served the Davenport community over the years, the needs of many have risen dramatically. While our facility has always been small, the new buildings constructed adjacent to us have caused some difficulty unloading our food trucks and decreased our client parking space. Food from several agencies is also available to us, but we have no storage to accommodate their delivery. Fortunately, a property more suited to our needs has become available.

Because of our limited funding, we are asking our community to aid us in the purchase of this new property. Anything is greatly appreciated to help meet our goal of \$20,000. All funds donated are tax exempt. Please contact Director Cindy Warner, (h) 509-725-0223 (c) 509-721-0284 of donate to Care & Share at the Davenport branch of Wheatland Bank.

Not only do we supply food for over 400 families, we also offer clothing and household goods on a donation basis. An emergency cupboard for those left homeless for any circumstance is also available at no charge.

**NEW DIALING PROCEDURE TO BECOME MANDATORY ON OCTOBER 24, 2021, FOR ALL CUSTOMERS IN THE AREA CODES BELOW!**

On July 16, 2020, the FCC adopted an Order (FCC 20-100) approving 988 as the three-digit abbreviated dialing code to reach the National Suicide Prevention Lifeline starting July 16, 2022. The Order requires all telecommunications carriers, interconnected Voice over Internet Protocol (VoIP) providers, and one-way VoIP providers (covered providers) to make any network changes necessary to ensure that users can dial 988 to reach the existing National Suicide Prevention Lifeline by July 16, 2022.

To ensure everyone is able to reach the National Suicide Prevention Lifeline using the three-digit 988 code in the 82 area codes in 36 states, every customer with a number in those area codes with seven-digit local dialing must be transitioned to 10-digit (area code + telephone number) local dialing.

**Beginning October 24, 2021, all consumers with numbers in the 509 area code must dial 10 digits (area code + telephone number) for all local calls.** On and after this date, local calls dialed with only seven digits may not be completed, and a recording may inform you that your call cannot be completed as dialed. If you get this recording, you must hang up and dial again using the area code with the seven-digit telephone number.

**What other changes need to be made?**

Important safety and security equipment, such as medical alert devices, and alarm and security systems must be reprogrammed to use 10-digit (or 1+10-digit) dialing by October 24, 2021. Many systems operate on 10-digit (or 1+10-digit) dialing by default, but some older equipment may still use seven-digit dialing. Please contact your medical alert or security provider if you are not sure whether your equipment needs to be reprogrammed to accommodate the upcoming change to 10-digit (or 1+10-digit) local dialing in order to avoid interruption of services. Some other examples of services that may need to be reprogrammed are: life safety systems or medical monitoring devices, PBXs, fax machines, Internet dial-up numbers, fire or burglar alarm and security systems or gates, speed dialers, mobile or other wireless phone contact lists, call forwarding settings, voicemail services and other similar functions

Be sure to check your website, personal and business stationery, advertising materials, personal and business checks, contact information, your personal or pet ID tags, and other such items to ensure the area code is included.

**What will remain the same?**

Your telephone number, including current area code, will not change. The price of a call, coverage area, or other rates and services will not change due to the dialing change. What is a local call now will remain a local call regardless of the number of digits dialed. You will continue to dial 1+ the area code + telephone number for all long-distance calls. You will continue to dial a prefix (such as "9") when dialing from a multi-line telephone system (e.g., in a hotel, office building, etc.) as required. You can still dial just three digits to reach 711 (relay services) and 911 (emergency services). If 211, 311, 411, 511, 611, or 811 are currently available in your community, continue to dial these codes with just three digits. The National Suicide Prevention Lifeline can still be reached by dialing 1-800-273-TALK (8255) even after the 988 code is in effect.

Beginning July 16, 2022, dialing "988" will route your call to the National Suicide Prevention Lifeline. Customers must continue to dial 1-800-273-8255 (TALK) to reach the Lifeline until July 16, 2022.

For questions about the dialing procedure change, email the North American Numbering Plan Administrator (NANPA) at 988@nanpa.com. For additional information, visit the NANPA website and the FCC website.
